

WHAT IS RESEARCH ?

FILL IN THE BLANKS

Research helps us make sense of our world!

Anyone can take part and play a role in answering the most burning, current _____ and solving the most pressing _____. It can take many different forms: you might be involved in _____ a population, gathering numerical _____ or perhaps conducting _____ to find out more detailed information from people. Research doesn't have to be centred on a _____ topic. It can explore anything that you feel is _____ and that needs better understanding.
