

Helping You Understand Desk Research

How To Play:

1. Pick apart your question / topic and find out what your key terms are.
2. Choose 2 of the most important terms and insert them into Wikipedia.
3. Try and find your way to the second one in as few pages as possible.
4. or every page you visit, write down three things you learnt.

1. Pick apart your question / topic.

e.g., “How does involvement in extra-curricular activities affect income between the ages of 32 and 48”

KEY TERMS:

- ‘extra-curricular activities’
- ‘income’
- ‘ages of 32 and 48’

YOUR TURN ->

Your Question / Topic:

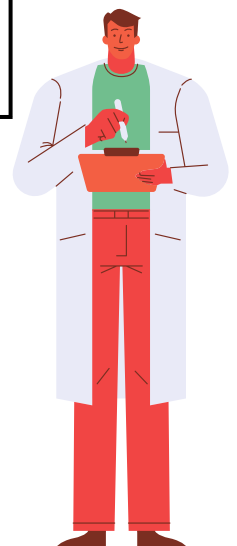

KEY TERMS:

2. Choose your first topic and insert into Wikipedia. Try to find your way to the next term.
3. Write down the name of every page you visit (every blue word / phrase) and 3 things you learned from that page.

PAGE NAME	1)	2)	3)	4)	5)
ONE					
TWO					
THREE					

*Add another table on the back if you need to!

4. Choose 3 facts from all the pages you visited that might be useful in your research.

- 1.
- 2.
- 3.
