EACH-B: ENGAGING ADOLESCENTS IN CHANGING BEHAVIOUR

To whom it may concern,

I, _____ am taking part in a research trial run by the University of Southampton and have been asked to wear a GENEActiv™ activity tracker for seven days at all times. It is suitable to be worn in water for up to 60 minutes. I would like to keep the GENEActiv™ on during all my activities unless it is considered dangerous to me or to others to do so.

If you have any questions about the research trial I am part of please contact a member of the EACH-B research team at eachb@soton.ac.uk or out of hours please call Millie Barrett on 07817 208727.

Many thanks for your cooperation,

Professor Mary Barker, Principal Investigator of EACH-B research trial
